

## View from My Tent

Each picture below shows a different view from our tent. Pick your favorite site and describe the camping experience you would have if you were there.

For example:

- What kind of wildlife (plants and animals) would you see?
- What is the weather like?
- What did you do before pitching your tent?
- What will you do now that your tent is set up?
- Anything else you want to add to your story!
